**14th EMIRATES OBSTETRICS GYNECOLOGY &
FERTILITY FORUM (EOFF) 2018**

WELCOME

Dear All,

I am pleased to announce that under the patronage of H.H. Sheikh Hamdan Bin Rashid Al Maktoum, Deputy Ruler of Dubai, UAE Minister of Finance, President of Dubai Health Authority, the 14th Emirates Obstetrics Gynecology & Fertility Forum (EOFF) will take place on January 18th - 20th, 2018 at Roda Al Bustan Hotel Dubai, United Arab Emirates.

The EOFF is a dedicated event for the gynecology and aims to offer professionals in the field a multidisciplinary platform to learn more about the women's health, gynecological diseases, obstetrics and clinical research. The Exhibition will provide valuable opportunity to retailers and manufacturers within the industry in Dubai to share their products and technologies with worldwide manufactures and industry specialists. We cordially invite you to attend or to play a more active role by submitting your research and taking part in a workshop and forum. By attending the EOFF 2018 delegates will gain over 30 CME Accredited Hours.

We look forward to welcoming you to EOFF 2018.

President of EOFF

Dr. Awatif Al Bahar

GENERAL INFORMATION

The EOFF is a dedicated event for the gynecology and aims to offer professionals in the field a multidisciplinary platform to learn more about the women's health, gynecological oncology, clinical research and discovery.

EOFF 2018 Exhibition will provide valuable opportunity to retailers and manufacturers within the industry in Dubai to share their products and technologies with worldwide manufactures and industry specialists. During EOFF 2018, we cordially invite you to attend the EOFF 2018 and play a more active role by submitting your research and taking part in a workshop and forum.

REGISTRATION AND INFORMATION

Registration Desk will operate as follows:
Thursday, 18th January 2018
08:00 - 09:00

NAME TAGS

Participants are required to wear their name tags throughout the meeting in order to be admitted to the lecture halls and other scheduled activities.

REFRESHMENT AND LUNCH

Refreshment and Lunch will be offered in accordance with the breaks indicated on the timetable.

CYBER INTERNET

Free internet will be available in the exhibition area during the conference. "EOFF2018 "

MOBILE PHONES AND PHOTOGRAPHY

Participants are kindly requested to keep their mobile phones silent in the session halls and refrain from taking photographs during sessions.

CERTIFICATE OF ATTENDANCE

Certificate of attendance will be available at the registration desk at the end of third day of the conference on Saturday, 20th January, 2018 at 18:45

ABOUT DUBAI

The Emirate of Dubai is the second largest of the seven United Arab Emirates but has the biggest population at over 2.1 million inhabitants. Size has been synonymous with Dubai as it continues to build the first, largest and the biggest constructions in the world.

“

A NEWBIE TOURIST TO DUBAI CAN GET CONFUSED AS IT OFFERS AN EXCITING ABUNDANCE OF ATTRACTIONS, ACTIVITIES, SHOPPING. HERE'S A TOP LIST OF THINGS TO DO WHEN HOLIDAYING IN DUBAI.

”

Dubai's dynamics are always transient and ever-changing with its constant urge to construct something better and bigger than the previous. If there was a Palm Island, Nakheel thought of the World Island. Burj Al Arab seemed too timid when Burj Khalifa cropped up, distancing itself to being a loner in the crowd. Dubai constantly dwells in a suppressive competition with itself trying to magnetize tourists to a dreamy world of attractions and unheard of luxuries. The emirate's scoring points lie in its entrepreneurial abilities to create the inconceivable found in its tourist attractions, landmarks, shopping

centres, nightlife and hotels. Although it strictly safeguards its traditional practices, it allows space for other religions to breathe, a rare quality amongst the conservative Arab world. Thankfully, it has been successful in shielding itself from extremism, much-needed for it to survive. Today, Dubai has emerged as a cosmopolitan metropolis that has grown steadily to become a global city and a business and cultural hub of the Middle East and the Arab Gulf region.

CONFERENCE

Day 1 Thursday, 18 January 2018		First Session Chairpersons: Dr. Mohamed Elkayoubi & Dr. Bassel Noah
> 08:00 – 09:00	REGISTRATION	
> 09:00 – 09:30	FACTS AND DOUBTS ON THE PRENATAL ASSESSMENT OF COGNITIVE FUNCTION OF BRAIN Dr. Asim Korjak	
> 09:30 – 10:00	THE EVER CHANGING ROLE OF FIRST TRIMESTER ULTRASOUND Dr. Badredeen Ahmed	
> 10:00 – 10:30	THE 5TH DIMENSION Dr. Mohamed Momtaz	
> 10:30 – 10:45	DISCUSSION AND COFFEE BREAK	
		Second Session Chairpersons: Dr. Zakwan Khrait & Dr. Shameem
> 10:45 – 11:15	THE EFFECTS OF MENOPAUSAL ESTROGEN DEPLETION Dr. Marco Gambacciani	
> 11:15 – 11:45	FEMALE SEXUAL DYSFUNCTION Dr. Faysal Al Kak	
> 11:45 – 12:15	GENETIC SCREENING IN HEREDITARY BREAST OVARIAN SYNDROMES Dr. Vineet Datta	
> 12:15 – 12:45	CAN WE POSTPONE MENOPAUSE? Dr. Marco Gambacciani	
> 12:45 – 13:30	DISCUSSION AND LUNCH BREAK	
		Third Session Chairpersons: Dr. Mazen Dayhe & Dr. Mohammed Eid
> 13:30 – 14:00	INDIVIDUALISATION OF OVARIAN STIMULATION, UPDATE ANNO 2017 Dr. Human Fatimi	
> 14:00 – 14:30	HOW TO MAXIMIZE PCO PATIENTS CHANCE TO HAVE A BABY? Dr. Luciano Nardo - Merck Sponsor Lecture	
> 14:30 – 14:45	DISCUSSION	
		Fourth Session Chairpersons: Dr. Amelie Hofmann & Dr.Sarooj
> 14:45 – 15:15	PCOS IN ADOLESCENCE: FROM GENETICS TO CLINICS Dr. Faysal Al Kak	
> 15:15 – 15:45	GENETIC ASPECTS IN PEDIATRIC AND ADOLESCENT GYNECOLOGY Dr. Ivonne Alexandra Bedei	
> 15:45 – 16:00	DISCUSSION	
		Fifth Session Chairpersons: Dr. Zakwan Khrait & Dr. Razan Kayali
> 16:00 – 16:30	SURGICAL MANAGEMENT OF STRESS URINARY INCONTINENCE AND ITS COMPLICATIONS Dr. Vatche Arakel Minassian	
> 16:30 – 17:00	MULLARIAN ANOMALIES–ENDOSCOPIC MANAGEMENT Dr. Hafeez Rahman	
> 17:00 – 17:15	DISCUSSION	

Day 2

Friday, 19 January 2018

Sixth Session – Merck Serono Symposium

Chairpersons: Dr. Awatif Albahar

> 09:00 – 09:30

INDIVIDUAL LUTEOLYSIS AFTER GNRH-AGONIST TRIGGER FOR FINAL OOCYTE MATURATION

Dr. Human Fatimi

> 09:30 – 10:00

OPTIMIZING THE OOCYTES NUMBER IS THE KEY OF ART SUCCESS

Dr. Sesh Sunkara

> 10:00 – 10:30

PROGESTERONE USAGE OPTIMIZATION ROAD MAP

Dr. Luciano Nardo

> 10:30 – 10:45

DISCUSSION AND COFFEE BREAK

Seventh Session

Chairpersons: Dr. Purnima Deb & Dr. Amala Nazareth

> 10:45 – 11:15

MISCARRIAGE: IS IT GENETICALLY DETERMINED?

Dr. Hesham Arab

> 11:15 – 11:45

RECURRENT PREGNANCY LOSS A NEW CONCEPT

Dr. Badrelddeen Ahmed

> 11:45 – 12:15

IRON DEFICIENCY ANEMIA – VIFOR PHARMA SYMPOSIUM

Dr. Hesham Arab

> 12:15 – 12:30

DISCUSSION

> 12:30 – 13:00

LUNCH BREAK AND PRAYERS

Eighth Session

Chairpersons: Dr. Dalya Abu & Dr. Sarooj

> 13:00 – 14:00

THE IMPORTANT ROLE OF GENETIC SCREENING (CARRIER SCREENING AND NON-INVASIVE PRENATAL SCREENING)

Dr. Luis Izquierdo

> 14:00 – 14:30

IS MITOCHONDRIAL DNA QUANTITATION A POTENTIAL BIOMARKER FOR EMBRYO VIABILITY?

Dr. Ozge Uner Ayvaz

> 14:30 – 14:45

DISCUSSION

Ninth Session

Chairpersons: Dr. Amelie Hofmann & Dr. Raja Hakki

> 14:45 – 15:15

FETAL SYNDROMES DETECTABLE BY DIFFERENT FORMS OF ULTRASOUND

Dr. Asim Korjak

> 15:15 – 15:45

ABNORMALLY INVASIVE PLACENTA. THE OBSTETRICIAN NIGHTMARE

Dr. Mohamed Momtaz

> 15:45 – 16:15

GENETICS OF TURNER SYNDROME

Dr. Ivonne Alexandra Bedei

> 16:15 – 16:30

DISCUSSION

Tenth Session

Chairpersons: Dr. Amala Nazareth & Dr. Wael Ismail

> 16:30 – 17:00

MALE INVOLVEMENT AND WOMEN'S ACCESS TO ANTENATAL CARE (ANC)

Dr. Taha Umbeli

> 17:00 – 17:30

SUCCESSFUL PREGNANCY OUTCOME FOLLOWING ABDOMENAL SACROHYSTEROPEXY FOR THIRD DEGREE UTERINE PROLAPSE

Dr. Ahmed Abdelkareem

> 17:30 – 17:45

DISCUSSION

CONFERENCE

Day 3

Saturday, 20 January 2018

Eleventh Session

Chairpersons: Dr. Gilbert & Dr. Hinaa Zaheer

> 09:00 – 09:30	WELCOME TO PREIMPLANTATION GENETIC TESTING, AND BYE BYE TO PGS Dr. Mohamed Aboulghar
> 09:30 – 10:00	IS THERE A DIFFERENCE BETWEEN REAL LH & HCG IN OVARIAN STIMULATION? Dr. Sesh Sunkara - Merck Sponsor Lecture
> 10:00 – 10:30	THE ADVANTAGES OF PREIMPLANTATION GENETIC SCREENING (PGS) Dr. Vereczkey Attila
> 10:30 – 10:45	DISCUSSION AND COFFEE BREAK

Twelfth Session

Chairpersons: Dr. Josephine Jose & Dr. Nemet Abduljabbar

> 10:45 – 11:15	ROLE OF HORMONE THERAPY IN ENDOMETRIAL AND OVARIAN CANCER Dr. Amer Karam
> 11:15 – 11:45	NEW BIOMARKERS FOR THE EARLY DETECTION OF ENDOMETRIOSIS Dr. Michaela Jaksch
> 11:45 – 12:15	WORK UP OF UROGYN FOR A GENERAL GYN Dr. Vatche Arakel Minassian
> 12:15 – 12:30	DISCUSSION
> 12:30 – 13:30	LUNCH BREAK AND PRAYERS

Thirteenth Session

Chairpersons: Dr. Ahmed Abdel Kreem & Dr. Naghman

> 13:30 – 14:00	ARE WE READY FOR POPULATION SCREENING OF INHERIT BREAST CANCER? Dr. Luis Izquierdo
> 14:00 – 14:30	SENTINEL LYMPH NODES IN ENDOMETRIAL AND CERVICAL CANCER Dr. Amer Karam
> 14:30 – 14:45	DISCUSSION

Fourteenth Session

Chairpersons: Dr. Mohammed Eid & Dr. Mazen Dayhe

> 14:45 – 15:15	CONSERVATIVE MANAGEMENT IN CERVICAL CANCERS Dr. Mousa Al-Kurdi
> 15:15 – 15:45	INSULIN RESISTANCE IN INFERTILE SUDANESE PATIENTS WITH POLY CYSTIC OVARIAN SYNDROME (PCOS) AT LAPAROSCOPY Dr. Wisal Nabag
> 15:45 – 16:00	DISCUSSION

Fifteenth Session

Chairpersons: Dr. Dalya Abu & Dr. Shameem

> 16:00 – 16:30	INCREASED HEALTH RISK FACTORS IN THE UAE. ASSESSMENT IN THE MEDICAL LABORATORY Dr. Michaela Jaksch
> 16:30 – 17:00	PGD AND REPEATED ABORTION – UAE EXPERIENCE Dr. Braulio Peramo Moya
> 17:00 – 17:15	DISCUSSION

SPEAKERS

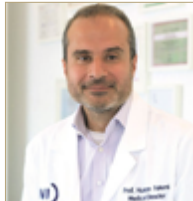

Dr. Ivonne Alexandra Bedei

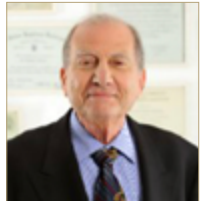

Dr. Braulio Peramo Moya

Dr. Luciano Nardo

Dr. Human Fatimi

Dr. Mohamed Aboulghar

Dr. Michaela Jaksch

Dr. Marco Gambacciani

Dr. Vineet Datta

Dr. Vereczkey Attila

Dr. Asim Kurjak

Dr. Amer Karam

Dr. Vatche Arakel Minassian

Dr. Faysal El-Kak

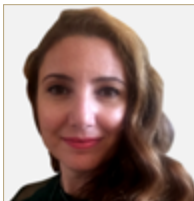

Dr. Badreldeen Ahmed

Dr. Ahmed Abdelkareem

SPEAKERS

Dr. Asim Kurjak

ASIM KURJAK, professor emeritus, School of Medicine University of Zagreb, specialist in obstetrics and gynecology.

Born in 1942 in Vranić, Bosnia and Herzegovina. Graduated at School of Medicine University of Zagreb (1966), M.Sc. (1972) and Ph.D. (1977). From 1985-2002 Head of Department of Obstetrics and Gynecology in Sveti Duh General Hospital.

Scientific interest: ultrasound and perinatal medicine. Principal investigator in several scientific projects, mentored 52 M.Sc. theses and 52 Ph.D. theses. Published more than 400 peer review articles, wrote or edited 111 books. His papers have been cited more than 5,390 times in Science Citation Index.

Awarded: National Prize for Young Scientists (1971); "Rudjer Boskovic" for scientific work (1985); CASA: "Josip Juraj Strossmayer" for the scientific book (1990) and for the achievements in medical science (1994); "Europski krug" etc. Presidential decoration "The Order of the Croatian Starr with the Effigy of Rudjer Boskovic" (2001); "Pavao Čulumović" Prize of CMA (2003); Erich Saling Perinatal Prize (2011); Lifetime Achievement Award from International Academy of Perinatal Medicine (2015). Regular member of European and World Academy of Science and Art. President of International Academy of Perinatal Medicine. Doctor honoris causa at 9 world universities. Member of CAMS from 1983; President of Academy from 2000-2004.

Dr. Amer Karam
MD, PhD

PROFESSIONAL EXPERIENCE:

- VITAS Innovative Hospice Care Encino, CA Team Physician, July 2006-June 2007
- The David Geffen School of Medicine at UCLA Los Angeles, CA Assistant Clinical Professor, Department of Obstetrics and Gynecology December 2008-September 2013
- Olive View-UCLA Medical Center Sylmar, CA Consulting Specialist, Department of Obstetrics and Gynecology December 2008-September 2012
- Stanford University Hospital and Clinics Stanford, CA Associate Clinical Professor, Department of Obstetrics and Gynecology September 2013-Present

RESEARCH EXPERIENCE

- University of California, Los Angeles July-August 1997 Los Angeles, CA Interleukin-6 secretion and immune modulation in response to β -hCG in cervical cancer cell lines, Oto Martinez PhD preceptor
- University of California, Los Angeles July 2006-June 2007 Los Angeles, CA Molecular alterations in the AKT-P TEN pathway in ovarian cancer, Oliver Dorigo MD, PhD preceptor

PROFESSIONAL ACTIVITIES

- 2017 Medical Board of California, Expert reviewer
- 2016 Stanford Hospital Robotic Committee, Co-chairman
- 2014 Stanford South Bay Cancer Center, Medical Director
- 2013 Stanford Women's Cancer Center Outreach and Robotic Surgery, Director
- 2013 Gynecologic Oncology at Stanford Associate Director
- 2013 Stanford Cancer Institute Associate Member
- 2012-2013 Revlon High Risk Breast Cancer Program at UCLA Co-director

Dr. Human Fatimi

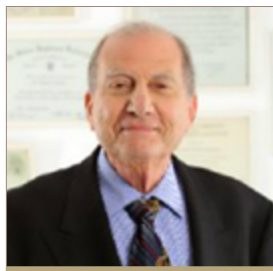

DATE QUALIFIED AND DEGREE:

- 30 June 1999, Doctor in Medicine, Surgery and Obstetrics, exams passed with "Magnum cum Laude"
- 23/04/2008: PhD in medical sciences. "The assessment of luteal phase in stimulated and substituted cycles", Promoter: Prof.Dr.P.Devroey
- June 2009: Clinical Professor at the centre for reproductive medicine, VUB Brussels/Belgium

SPECIALIZATION:

- 1999-2000 Surgery and emergency medicine, O.L.V.Mechelen/Belgium
- 2000-2001 Obstetrics, AZ-VUB
- 2001-2002 Reproductive Medicine, AZ-VUB
- 2002-2003 Gynaecology, AZ-VUB
- 2003-2004 Gynaecology, Obstetrics, AZ-VUB
- 1/09/2004 Specialist in Gynaecology, Obstetrics and Andrology
- 2004-2008 Consultant in Reproductive Medicine at the VUB
- 2008 Subspecialist of Reproductive Medicine (EBCOG and ESHRE)
- 2008 Medical co-director of the "centre for reproductive medicine/Brussels"
- 2010 Now: Head "centre for reproductive medicine/Kuwait-University of Brussels"

Dr. Mohamed Aboulghar

Professor Mohamed Aboulghar received his medical education in Cairo University and got his MBBCH in 1962. Shortly afterwards, he received his Diploma in Obstetrics and Gynecology in 1965, then his Diploma on General Surgery in 1966 and finally his Doctorate degree in Obstetrics and Gynecology in 1969 all from Cairo University. He did post graduate training in Denmark, Sweden and the United States.

He has been Professor of Obstetrics and Gynecology, Faculty of Medicine, Cairo University, since 1979 up till today. He is the founder and Clinical Director of the Egyptian IVF Center. It is the first center in Egypt dedicated to treating patients as well as providing high quality research in human reproduction and genetics and training programs for candidates from all over the Middle East on techniques of Assisted Reproduction.

Throughout his career, Dr. Aboulghar has been involved in numerous scientific activities worldwide. He participated in dozens of scientific conferences, and he published more than 150 scientific papers in top international journals. He participated in the writing of many international scientific books on infertility, and together with his team in the Egyptian IVF center he participated in many multicenter international studies.

He founded (and became the first president of) the Middle East Fertility Society (MEFS), which is the first and largest society in the Middle East in the field of reproduction. He is also the Editor-in-Chief and founder of the: Middle East Fertility Society Journal (since 1996). He is a member of numerous scientific committees of different international and regional societies all over the world (eg. ESHRE, ASRM, FIGO, IFFS, Endometriosis Society,etc), as well as editorial boards of many important scientific journals specialized in fertility and reproduction including Fertility and Sterility, which is the world's top journal in its field. He has also been a reviewer for several international journals in the field, including Fertility and Sterility, Human Reproduction, Human Reproduction Update and Reproductive Biomedicine Online.

Dr. Aboulghar received the Egyptian National Award for Scientific Excellence in 1999. He also received the Honorary membership of the European Society for Human Reproduction and Embryology (ESHRE) in 2004 and Honorary membership of the International Federation of Fertility Societies (IFFS) in 2000.

SPEAKERS

Dr. Luciano Nardo
MD MRCOG

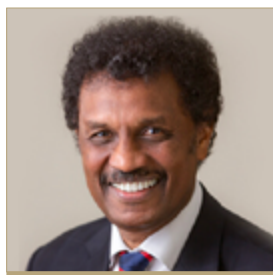

Luciano trained in Italy, London and Manchester before being appointed as consultant in gynaecology and reproductive medicine at St Mary's Hospital, Manchester, where he worked full time until 2011.

In July 2017 he was appointed as Visiting Professor to both Manchester Metropolitan University's Faculty of Science and Engineering and the University of Catania's Masters Programme in Biology and Biotechnology of Reproduction, in recognition of his long term commitment to research and teaching alongside his clinical career.

Luciano's clinical and academic interests are in infertility, assisted conception, gynaecological endocrinology, pelvic pain, menstrual disorders and hysteroscopic management of uterine abnormalities. He has expertise in gynaecological ultrasound scan and management of early pregnancy problems including recurrent miscarriage. He has vast experience in advanced laparoscopic surgery for the treatment of endometriosis, adhesions, fibroids, ovarian cysts, tubal surgery and other benign gynaecological conditions, and regularly performs complex laparoscopic procedures such as hysterectomy, myomectomy and reversal of sterilisation as day case procedures.

Luciano is a Member of the Royal College of Obstetricians and Gynaecologists (RCOG) and an associate member of many other learned societies including the British Fertility Society (BFS), European Society of Human Reproduction and Embryology (ESHRE), the American Society for Reproductive Medicine (ASRM) and the British Society for Gynaecological Endoscopy. He is a preceptor for the BFS special skills modules in Pelvic Ultrasound, Management of the Infertile Couple, Assisted Conception, Embryo Transfer/IUI, Male Fertility and Quality Management of a Fertility Service.

He has published in excess of 95 papers on many aspects of gynaecology, reproductive medicine and surgery, is a member of the editorial board of Reproductive BioMedicine Online and is regularly an invited speaker at national and international conferences.

Dr. Badreldeen Ahmed

Director of fetal maternal medicine Centre – Doha – Qatar, Professor of obstetrics at Weill Cornell Medical College – Qatar Interim director of Obstetrics and Gynecology - Clerkship, Ex chairman of obstetrics and Gynecology Women's hospital-Hamad Medical Corporation. Obstetrics and Gynecology Department. Women's hospital – Hamad Medical Corporation (10 years duration) Consultant Obstetrician and Gynecologist (with special interest in perinatal medicine and high-risk pregnancy. Dorset County hospital. Dorchester. Wessex region – UK.

FOUNDING MEMBER OF THE INTERNATIONAL SOCIETY OF ULTRASOUND IN OBSTETRICS AND BOARD MEMBER:

The world association of prenatal medicine. The Fetus as the Patient Society Founder and present of the African Association of Perinatal Medicine Founder of the fellowship program in advanced training in Obstetrics and Gynecology (Program of advanced training in obstetrics and gynecology involving trainee from all countries in the Middle East and the gulf region) Regional Director of the Ian Donald interuniversity school of Ultrasound in Obstetrics and Gynecology Founding member of the Academy of Medical Educators

MAIN INTEREST:

Fetal medicine and High risk pregnancy

PUBLICATIONS:

Published over 50 papers in peer reviewed Journal Books: Editor of the book (Basic book of Ultrasound in Obstetrics and Gynecology) Several chapters in several books Invited Speaker: to many international meetings.

Dr. Michaela Jaksch

MEDICAL-TECHNICAL UND MEDICAL EDUCATION

- 1982 - 1984 Graduation Medical Technician, Germany
- 1984 - 1986 Medical Technician at the LMU Munich, Germany (Immunology)
- 1986 - 1992 Study of Medicine, LMU Munich, Germany
- 1993 - 1994 Graduation M.D Institute of Diabetes Research, Munich, Germany
- Since 1994 MD, Institute of Clinical Chemistry, Munich, Germany
- Since 1999 Coordination of the Metabolic Disease Center Munich-Schwabing (see www.stoffwechselzentrum-muenchen.de)
- July 2000 Specialization in Laboratory Medicine
- April 2003 Graduation Associate Professor (PhD; Privat-Dozentin) with the Research Work 'Causes of Cytochrome c Oxidase Deficiency'
- June 2003 First position for C3 Professorship (Neurobiochemistry). Dpt. of Neurology, University Carl Gustav Carus of the Technical University in Dresden, Germany
- November 2003 Graduation Assistant Medical Director
- Since 2004 General Manager of 'Freiburg Medical Laboratory Middle East LLC'. Management, Supervision, Marketing, Relations, Presentations, Technical Structuring of a Private Laboratory in the UAE.
- July 2008 Quality Management: Accreditation according to ISO 15 189 Re-Accreditation obtained in 2013
- Since 2009 Medical Management and Evaluation of private Laboratories in Ukraine, Romania, Turkey and Poland.

Dr. Marco Gambacciani

Until 1986 he worked at the Reproductive Endocrinology Department of the University of California, San Diego, where he specialized in Endocrinology of Reproduction.

He is responsible for the Menopause Center, which over the years has become a reference point in the national and international landscape.

Dr Gambacciani has developed vaginal surgery in addition to laparoscopic mini resuscitation and reseroscopic surgery for mini invasive interventions.

Dr. Gambacciani has visited important gynecological surgery centers for the refinement of the most modern surgical techniques.

Thanks to the innovations introduced, it has made it possible to implement new welfare protocols that involve the execution of most of the surgical procedures under Day Hospital, Day Surgery and Week Surgery.

Knowledge derived from scientific studies and the guidelines of international societies must be taken into account in order to be able to adapt to the needs, preferences and choices of every single woman.

It is necessary to abandon rigid schemas that may only be an obstacle to achieving the goals of health and well-being.

SPEAKERS

Dr. Vineet Datta
MD FRCP(Glasg)
MRCP(UK)
MRCM FRSPH

Dr. Vineet Datta brings over 20 years of global healthcare experience across clinical patient care, medical assistance, strategic leadership and consulting. His current role as the Executive Director at Datar Genetics is to expand the adoption of personal and accurate medicine across the clinical mainstream.

He is a post-graduate in Internal Medicine from JN Medical College, AMU, and has held various leadership positions across the NHS, International SOS and Apollo Hospitals. He was awarded Diplomas for Membership to the Royal College of Physicians, United Kingdom (MRCP-UK) and the Royal College of Emergency Medicine (MRCM), London. Vineet is an elected Fellow the Royal College of Physicians and Surgeons, Glasgow, and possesses the Advanced Pre-hospital Emergency Care Certification from the Royal College of Surgeons, Edinburgh. He currently also serves as the International Advisor: Clinical to the Royal College of Physicians and Surgeons of Glasgow, in addition to his professional responsibilities.

Dr. Vereczkey Attila
M.D., M.A.

SPECIAL QUALIFICATIONS:

- Specialist Exam in Obstetrics and Gynaecology, Albert Szent-Györgyi Medical University, Szeged, Hungary, 1994
- European Exam for Excellency in Obstetrics and Gynaecology, E-EBGO, 1995

Dr. Braulio Peramo Moya
Medical Director, Ob/Gyn IVF
consultant

Dr. Braulio Peramo, an Obstetrician, Gynecologist and IVF physician, is the Medical Director and the General Manager of the Al Ain Fertility Center (AAFC). Dr. Peramo has been internationally practicing in the field of reproductive medicine, specializing in Assisted Reproductive Techniques (ARTs), gynecology and andrology for almost two decades in the USA, UK, mainland Europe and UAE.

In 2004, Dr. Peramo was awarded a Masters in Reproductive Medicine from the Universidad Complutense de Madrid, and in 2007, he attended advanced workshops on IVF and infertility in the New York University, USA. In January 2008, he received the European Diploma of Gynecological Endoscopy from the University of Auvergne in Clermont-Ferrand, France.

His expertise and research in the field of reproductive medicine has contributed in the development of infertility treatments and optimization of a number of ART protocols. Dr. Peramo has produced over 100 publications in short communications, full-length research papers, abstracts, posters and book chapters. His work in standardizing assisted reproduction aspects, from ovarian stimulation to the successful management of difficult andrology cases, has been internationally recognized.

Dr. Peramo's outlook is to reduce the burden of infertility by doing everything possible to help couples in achieving their dream of creating a healthy family. He has particular interest in several aspects of infertility:

GENETICS:

He has been one of the pioneers in the recommendation for genetics diagnostics in infertility

HYSTEROSCOPY:

He has performed more than 1500 procedures

Recurrent IVF failure: he has managed difficult and challenging cases, with multiple IVF failures, making it one of the areas of his expertise.

PATIENTS' SAFETY:

He has developed protocols to increase the safety of patients undergoing vigorous infertility treatments.

SPEAKERS

Dr. Mohamed Momtaz
M.D. Obstetrics and
Gynecology

Dr. Mohamed Momtaz is Professor of Obstetrics and Gynecology since 2000 and founded the Fetal Medicine Unit at the Department of Obstetrics and Gynecology, Kasr Al Aini Faculty of Medicine, Cairo University and was appointed Director of the unit from 2008 - 2011.

He graduated from Kasr Al Aini Faculty of Medicine at Cairo University in 1981. He finished his residency program in the same hospital in 1986. He got his Master degree in 1985 and his M.D. degree in the field of Obstetrics and Gynecology in 1990. He was appointed Professor of Obstetrics and Gynecology in 2000. He received specialty training in Royal Free University Hospital in London, UK, Ultrasound Institute in Zagreb, Croatia and Thomas Jefferson School of Medicine, Philadelphia, USA.

His academic leadership and contributions to research, has awarded him national and international recognition in the field of Maternal-Fetal Medicine, particularly in the area of ultrasound in obstetrics and gynecology. His contributions have organized the teaching and education of many physicians. Dr. Momtaz notoriety in 3D/4D ultrasound evolved as a result of his authorship or co-authorship of over 50 publications in national and internationally circulated publications.

He is the president of the Middle East Society of 3D/4D Ultrasound, president of the Pan Arab Fetal Medicine Group (PAFMG) and vice president of the Mediterranean Society of Ultrasound in Obstetrics and Gynecology (MEDUOG). He is also a member of many international societies and among the review board of many internationally renowned publications.

Dr. Mousa Al-Kurdi
MD, DOG, MRCOG, FRCOG

CAREER HISTORY

I have been a Consultant Obstetrician and Gynaecologist since 1983.

Consultant Gynecologist Oncologist & Fertility Endoscopic Surgeon

Onco Gyn & Fertility Unit, Hannover Medical Centre, Jumeira, Dubai
& the Saudi German Hospital - Dubai 2014 ongoing

Founder and Chief Clinician

Gynecology and Fertility Centre, Al Mazraa, Damascus, Syria, 2004- Jan 2014

Training center for MSc Fellows in minimal access surgery

Recognised by faculty at the Royal Surrey Hospital, England, UK

Consultant Gynecologist,

Linia Cromwell Hospital (Independent) , Huntingdon, Cambridgeshire, UK 1993-2010

Consultant in Obstetrics and Gynecology, (16.11.92 - 14.3.04)

Hinchingbrooke Hospital (NHS), Huntingdon, UK 1992-2004

Professor and Chairman of Gynecological Oncology Division

New Maternity Hospital, Damascus University, Syria 1989-1992

Professor and Chairman, Dep. Obstetrics and Gynecology

New Maternity Hospital, Damascus University, Syria 1985-1989

She has published and lectures on topics in Reproductive Medicine. She is actively involved in organising national and international meetings/ workshops in Reproductive Medicine and is an Associate Editor for Human Reproduction (European Society of Human Reproduction Journal).

SPEAKERS

Dr. Hafeez Rahman
Specialist Obstetrics &
Gynecology

Focusing on Laparoscopic surgery since the early 90's, Dr. Hafeez Rahman is a global pioneer and authority in this field. Most of the techniques he has developed over the years are followed the world over.

Spreading the benefits of Laparoscopy across Asia, the Middle East & Africa, he has taught and provided his expertise in countries like Malaysia, UAE, Pakistan, Sri Lanka, South Africa and Bangladesh to name a few. He is the first Indian surgeon to be invited as a training faculty to the Ministry hospitals in the UAE. He is also an invited faculty for the Royal College of Obstetricians and Gynecologists (RCOG), UK and the American Association of Gynecologic Laparoscopists (AAGL). He has also won several awards for his contributions to the field of Endoscopy in India and abroad. He was the youngest chairman of FOGSI, the largest medical society in India.

Having a passion for teaching, he has trained more than 2800 Gynecologists of all levels of experience over the past 24 years in the art of Laparoscopic surgery.

As of today, he has performed more than 120,000 Laparoscopic surgeries - witnessing the number of cases performed by Dr. Hafeez Rahman in a single day, the American Journal of Endoscopy cited him as the 'Miracle Doctor' in their editorial.

Dr. Taha Umbeli
MD, MBBS

QUALIFICATIONS:

>	14:00 – 14:30	ACHONDROPLASIA Dr. Hanan Abdelaziz

ALSO WORKSHOP

ALSO, is a structured, evidenced-based, multidisciplinary training program on the practical management of obstetric emergencies. The three-day course is for maternity care providers including physicians, midwives, nurses and other clinicians. Maternity care providers can earn ALSO Status upon completing an ALSO Course, verifying their advanced training in obstetrics. ALSO Course sponsors will get CME credit for their course, providing additional value to those who attend.

Course Purpose
> To increase cognitive knowledge regarding the diagnosis and management of obstetrical emergencies.
> To increase hands-on skill needed to manage the care of patients during obstetrical emergencies.
> To improve collegial interactions and coordination of care among types of maternity care providers.

Course Objective
AT THE END OF THE COURSE, ALL PARTICIPANTS SHOULD BE ABLE TO DESCRIBE, DISCUSS, AND MANAGEMENT TREATMENT OPTIONS FOR THE FOLLOWING CONDITIONS:
1. First Trimester Complication
2. Medical Complications of Pregnancy
3. Vaginal Bleeding in Late Pregnancy
4. Preterm Labor & Premature Rupture of Membranes (PROM)
5. Intrapartum Fetal Surveillance
6. Labor Dystocia
7. Malpresentations, Malpositons, and Multiple Gestation
8. Assisted Vaginal Delivery
9. Shoulder Dystocia
10. Postpartum Hemorrhage
11. Maternal Resuscitation and Trauma
12. Safety in Maternity Care
13. OB Cases
14. Third and Fourth Degree Perineal Lacerations
15. Diagnostic Ultrasound in Labor and Delivery
16. Neonatal Resuscitation
17. Cesarean Section
18. Birth Crisis: Caring for the family Experiencing Perinatal Death of the Birth of a child with Medical Complications

Day 1		ALSO® Provider Course

The background is a purple-tinted collage. It features silhouettes of several people, likely medical professionals, in various poses. Some are standing, some are looking at a computer monitor. There are also faint, overlapping geometric shapes and lines, suggesting a modern, technological environment. The overall aesthetic is professional and contemporary.
