INTRODUCTION:

This pre-congress meeting is designed to offer existing and potential Fotona gynecology users an opportunity to see new applications, learn from invited luminaries and contribute to discussions.

We will hear presentations from KOL's that will be discussing functional treatments such as; RenovaLase (genitourinary syndrome of menopause or vaginal atrophy), IncontiLase (stress urinary incontinence), ProlapLase (prolapse treatment), IntimaLase (treatment of vaginal laxity). In addition we will also cover aesthetic gynecology treatments such as; labiaplasty, 4D vaginal rejuvenation, labia bleaching, vaginal tightening. It is sure to be a very exciting meeting and a unique opportunity to discuss with global luminaries.

We hope to see you there!
