The Academy of Clinical Technology (ACT) is designated as an Approved PACE Program Provider by the Academy of General Dentistry. The formal continuing dental education programs of this program provider are accepted by the AGD for Fellowship, Mastership and membership maintenance credit. Approval does not imply acceptance by a state or provincial board of dentistry or AGD endorsement. The current term of approval extends from 12/1/2012 to 11/30/2014. Provider ID# 325802

Course Information

Nightlase & SmoothLase

PHAST™ NightLase Procedure

-Laser Snoring and Sleep Apnea Reduction Treatment

PHAST™ SmoothLase Procedure

-Laser Facial Rejuvenation Treatment

This 2-day course will teach the *Phast™* NightLase and *Phast™* SmoothLase protocols. In detail, it will guide doctors through the history and research behind these procedures as well as cover treatment limitations, case selection, and, most importantly, practice integration. To further expand on the complete training experience, an amazing opportunity to learn via live patient training will take place throughout the course. Furthermore, we will expand on both internal and external marketing, as well as clinical photography tips, in order to help make these procedures a success in your practice!

Learning Objectives:

- Understand how to integrate the PHAST™ NightLase Procedure into your practice.
- Understand the laser tissue interaction/biology that allows for a successful Tx.
- Establish Tx limitations and case selection, along with Mallampati classification.
- Understand sleep apnea M.D. testing and sleep studies, co-therapy, appliances etc.
- Understand how to integrate the PHAST™ SmoothLase procedure into your practice.
- Better understand laser tissue interaction as it relates to muscle and skin anatomy.
- Ascertain the aesthetic clinical photography skills necessary to aid in Tx success.
- Learn the benefits of PHAST™ NightLase and SmoothLase procedures over traditional therapies.

Space is limited...register ASAP!

Contact Us

If you have any questions, prior to your arrival or during your stay, please feel free to contact us through the following methods:

Alexia Eng (aeng@fotona.org / 949.276.6650)

Dr. Harvey Shiffman is in general practice at the Laser Dental Center in Boynton Beach, Fla. He is a graduate of Georgetown University School of Dentistry and completed a general practice residency at Georgetown University Medical Center with an emphasis on treating medically compromised patients. Dr. Shiffman completed certification with the Academy of Laser Dentistry (ALD) in three types of Laser systems and was recently awarded a Fellowship in the ALD. He is personally involved in the use and development of cutting edge technology and has performed thousands of laser dental procedures over the last 14 years. Dr. Shiffman has lectured on advances in Laser Dentistry at events such as the Yankee Dental Congress, Greater New York Dental Meeting, the Academy of Laser Dentistry, American Sleep and Breathing Academy, and local dental societies. He has published articles on clinical laser use in Dentistry, in Dental Compare, Dental Tribune and LVI Visions. Dr. Shiffman recently became an adjunct professor at Nova Southeastern University College of Dental Medicine.
